ONLY YOU CAN PREVENT FOREST FIRES

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs YOUR thoughtful and cooperative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

When YOU fail to use needed precautions while burning in or near woodlands—

When YOU fail to secure the required permit from your local forest fire warden before burning—

When YOU are careless in smoking near woodlands—

When YOU throw lighted cigar, cigarettes and matches from vehicles moving along the highway—

YOU are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!

REMEMBER—the fire YOU prevent might be one which could conceivably burn YOUR property and harm YOUR community!

ONLY YOU and YOU and YOU can prevent forest fires!! Will YOU help!

THE SCHOOL BOARD'S REPORT

To The Citizens of Salisbury :

The school budget submitted by the school board for the coming school year (1952-53) is about the same as the adopted budget for the current school year. You will note the increase in elementary transportation of nearly one thousand dollars (\$1000) for the following reasons (1) the transporting of North Road children to Salisbury schools and (2) an additional five hundred and fifty dollars (\$550) in article No. 13 of the annual warrant to transport children living less than two miles from the school to which the pupils are assigned.

The high school tuition for next year is cut nearly twelve hundred dollars (\$1200) due to the decrease in enrollment and the tuition rate remains the same but we are informed that next year the rate will be increased again.

Elementary transportation contracts expire this year and the high school transportation contract may not be renewed even if the voters pass article No. 14 of the annual warrant as the Franklin School Department hopes to own their own buses instead of hiring as heretofore, this is pending with the Franklin City Council as this report is submitted to the printer.

Under repairs and expenses the budget has been increased by five hundred dollars (\$500), the school board recommending that the Academy Building be painted—this recommendation is made only if an agreement is ratified by the voters of the school district and the tenants of said building.

Once again we are grateful to the Salisbury Parent and Teacher Group for their continued support of the school lunch program. Especially for the hard work and coopera-

tion of all who made the Baazar in the fall possible and also such a success. Without this affair the program would not have been able to run this winter.

We are also grateful to all who have contributed produce and labor to preserve the produce. Our sincere thanks are again extended to Major and Mrs. J. Leo Bourassa for their contribution in storing foods at the locker for the lunch program. To Mrs. Dana Parks Jr. a special thank you for her continued interest and work at no expense to the lunch program or school district.

Also we indebted to Mr. and Mrs. Alfred Sawyer for their gift of many apples for canning and eating and also for the storing of apples received from the government in their cold storage plant at no expense to us.

And last but by no means least our sincere appreciation to Mrs. Charles Brockstedt for her continued interest and help with the music in both of our schools with no expense to the school district.

We wish to extend our thanks to Bartlett Grange, the Home and Community Welfare Committee of Bartlett Grange, the George H. Prince Volunteer Fire Association, and the Salisbury Parent and Teacher Group, for their annual contributions to the children's annual Christmas party. Also to all friends who supplied transportation for the school outing held in June at Pine Island Park we extend our appreciation.

Last summer the school board accompanied by our then superintendent of schools, Gordon L. Fox, spent considerable time conferring with Fred W. Snell, superintendent of schools in Franklin, in an effort to maintain better behavior of the students using the high school bus to Franklin and also tried to find a way in which the attendance record could be improved. As this goes to press we have noted some improvement in the latter question but there is still room for much improvement on both subjects and we ask the parents cooperation on the matters.

REPORT OF SUPERINTENDENT OF SCHOOLS 1950-1951

To the School Board and the Citizens of Salisbury:

In submitting to you this very brief report I prefer to have it include only such information and suggestions as I have been able to secure and reflect upon during a very limited period of time as your school superintendent.

It is gratifying to note that the question of building ownership of the South Road School has now been settled through the efforts of your local School Board and the legal assistance of the Superior Court. The School District now has the authority to act in the capacity of a rightful owner of the property and is ready to do so. The court decision, published elsewhere in your annual report, is clear for all to read.

The School Board is now in a position to make recommendations as to the upkeep and maintenance of the building, and is especially anxious to establish a policy of rental of the hall upstairs, and to see that the building is available for community use, with educational uses being given priority.

The location of the South Road School, so near to the main road, is a distinct disadvantage and is a safety problem. Consideration should be given to this danger of the children being injured while at play during the recess periods. It is a pretty easy thing for them to run out into the road, in front of an oncoming car or truck. A strong wire fence around the school yard would protect them.

The School Lunch program, sponsored, by the local Parent-Teacher group, and financially assisted by it, is a very commendable service. This program deserves the full support of the entire community and should be given a larger appropriation at your annual school meeting.

The instruction in your schools is of a high standard and the children are happy and pretty well adjusted. Much of this is due to the interest and hard work of the teachers who are serving in your community and whose efforts you do appreciate.

I wish to thank the School Board, the teachers, and the citizens of Salisbury for their cooperation and help already given me and to assure them of my genuine desire to be of service.

Respectfully submitted,

WILLIAM B. HOUNSELL

Superintendent of Schools.

Until such time as the second floor of the building may be needed for either of said purposes, the petitioner may lease the second floor of said building and use the income thereof for the petitioner's general purposes, reserving, however, the right to use the second floor for direct educational uses when, as and if such use becomes more practicable. In case the petitioner shall sell the building, the net proceeds of the sale shall be held for the district's general purposes.
